Another Wonder of Science.
Biology has Proved that Dandruff is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it saps the vitality, causing itching scalp, falling hair, and finally baldness. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

STUBBORNNESS LOST GAME FOR AUGUSTA.
Augusta, May 11.—Stubbornness pure and simple caused Augusta this afternoon to have the second forfeited game chalked up against her.

McMahon was caught napping on first and put out. He claimed a balk and was put out of the game after using vile language to the umpire. Castro was ordered to begin play, but failed to order his men on the field and the game was forfeited with the score 6 to nothing in favor of Jacksonville.

DICKEY EGAN IS THE REDS NEW SHORTSTOP.
A special from Cincinnati says: Beginning with today's game, the Reds will have a new shortstop. His name is Dickey Egan. Manager Griffith has decided to give Egan a thorough tryout at the short field, and he thinks that he will make good. Billy Morarity can not hit quite hard enough to suit the Red leader, and so Egan will be sent to short and kept there for a good, long time, probably for the rest of the season. Egan has the speed, the arm and a pair of hands as good as the best.

He is a good hitter and a very fast base runner. There was a lot of foolish talk awhile ago to the effect that Egan was going to play second base instead of Huggins, but there was never a chance for that move, for Huggins is the wisest citizen on the team and a man who can not possibly be spared. Egan, however, is too good a ball player to be left out of the lineup, and Griffith has decided that the best place to make use of his ability is at shortstop. "I am pretty well satisfied that Dick can play the position," said Griffith this morning. "He may be a little inaccurate with the long throw to first, but that will come to him, and I will leave him there until he has all the duties of the position down fine. He is so fast that he will strengthen the team in inside play, and I think he will attend to the fielding all right."

DETROIT MAKING RUNAWAY RACE IN THE AMERICAN.
J. E. Sanborn, one of Chicago's authorities on baseball, says in a recent letter:

Detroit's champions seem determined to make a runaway race in the American league this year, and Jennings is using all his power to get a long enough lead to prevent any such nerve-racking finish as he went through last October. I don't think the young league will break up on July 4 on account of those Tigers, but they certainly are going some at present. It is a point to be considered, however, that none of the pitchers is in good shape or able to extend himself on any of the teams during the weather which has prevailed, and as Detroit's chief element of strength lies in its batters, there will be more trouble for the sluggers and more chance for the weak-hitting teams when it warms up and lets the pitchers work their limit.

This may sound like an absurdity, considering the fact the weather will have an equally good effect on Detroit's pitchers as on those of the other seven clubs. What is meant, however, is that there is no countering good, steady hitting like Detroit's, so long as pitchers are not at top notch. The only way to beat the Tigers is to hold their sluggers down and outguess them in the matter of making runs without many hits.

There can be nothing definite guessed about the strength of the teams in either league until the weather settles to something like the baseball brand, and until the East and West

AMUSEMENTS

At the Orpheum.
The unusually strong bill being presented vaudeville connoisseurs at the Orpheum this week, is proving, as its extraordinary merit deserves, an excellent drawing card; in fact, if the present rate of attendance at all of the shows, both afternoon and evening, is maintained throughout the week, the present week will prove a record breaker for Messrs. McIntyre & Vucovich's popular Intendencia amusement emporium.

In its entirety the excellence of the week's bill may be expressed in a word—superb. Each of the three acts is in a class by itself—Chase & Carma, singers, talkers and dancers, are excellent; Yager & Kemp, comedy acrobats, are marvelous in their daring feats of gymnastic skill, and Master Garry Owen, a genius of the first magnitude though a child just entering his teens, is by odds the cleverest comedian yet seen on the Orpheum stage.

The exquisite music of the Orpheum's "greater orchestra," which was installed as a permanent feature for the balance of the season at Monday's matinee, is in itself worth the price of admission. This five-piece musical organization, composed of Pensacola's very best musical talent, would prove a drawing card in any theater in the country.

Airdome Drawing the Crowds.
A record breaking crowd occupied seats in the Airdome last night. It

WHAT IS ITCH DIRT?

It is the old Anglo-Saxon name for dandruff, and it's a good one. If you have dandruff you have itchy dirt, and the little microbes that are part and parcel of dandruff, are working persistently night and day, and sooner or later will reach the very life of your hair and destroy its vitality.
Then you'll be bald—bald to stay—for not even the wonderful rejuvenating properties in Parisian Sage can grow hair after the hair bulb or root is dead. Parisian Sage cures dandruff. Hannah Bros., the druggists, sell it, recommend it, and guarantee it; only 50 cents a bottle and your money back if it fails to cure dandruff, falling hair and itching of the scalp. If you do not live near Hannah Bros., who sell Parisian Sage, the American makers, the Giroux Mfg. Co., Buffalo, N. Y., will send you a bottle for 50 cents, all charges prepaid. There is no hair restorer so good—accept no substitute.

was not unexpected as the public had heard of the excellence of the show being put on there for the week, and many of those who attended the first night returned again last night, bringing hundreds of others with them. Well pleased patrons are the best kind of an advertisement, and no one can witness the show at the Airdome and go away other than well pleased. Milan and Dubois is a high class musical comedy team, and Miss Dubois is as good as any young lady seen on the Bijou stage. As black-face comedians Kelso & Sidney can hardly be equalled, while the Airdome never had an act to equal that of Tokio Murati, the little Jap, who performs on the slack wire, doing feats which seem almost impossible, and besides doing a foot juggling stunt.
The Old Cornial Trio has to be seen and heard to be appreciated, but the members of this trio are all stars on the vaudeville stage, and add greatly to the entertainment.

ELKS AND DIXIE STARS PLAYED BALL

P. H. S. and White Sox Played Good Game

A fine game of ball was witnessed on the Thiesen athletic field between the P. H. S. and the East Hill White Sox, neither side scoring until the sixth inning, the P. H. S. making the first score. The game was won by the P. H. S. by a score of 5 to 1. Following was the line-up: P. H. S.—Anderson, pitcher; Coleman, catcher; Bell, third base; McLean, first base; Feil, right field; Barrow, left field; Holland, center field; Young, short stop. White Sox—Boylett, pitcher; Wicke, second base; Leslie, catcher; Jones, third base; Watson, first base; Johnson, right field; Gilmore, left field; Gibson, center field; Louis, short stop.

The P. H. S. will play the First National Bank on Friday afternoon.

MONTGOMERY TEAM WON SUNDAY'S GAME.

Navy Yard, Pensacola, May 11. Editor Pensacola Journal:
Sir: In your paper of May 11, 1909, you stated that the tie game between the Montgomery and Pensacola teams was not likely to be decided this season, and that the Sunday game between these two teams was called in the fifth inning, with Montgomery ahead 3 to 0.

The game was called in the last half of the seventh inning, Pensacola at bat, with one out and the score was 4 to 0 in favor of the Montgomery.

To date these two teams have played five games, the Montgomery winning three, tying one and losing one, so there is no question as to which is the best team.

It is a noticeable fact that in all the games played between the Montgomery and the Pensacola teams, the articles in the papers as to the results of games played have been very misleading; in all cases all the glory has gone to the Pensacolas, win or lose, which is no doubt due to their energetic press agent, and while soliciting no public favors, it can hardly be stated that the Montgomery team has been accorded any fair play by the Pensacolas.

The game was called back to the sixth inning by Umpire F'ynn, owing to the rain, which began to come down heavily, at the last half of the seventh inning, thus awarding the game to the Montgomery team, according to rule 27, section 1 of Spaulding's baseball guide.

The following is the official score of Sunday's game:

	R.	H.	E.
Montgomery	000	310	0—7 0
Pensacola	000	000	—0 5 3

One out when game was called. 2 base hit, Hines. 3 base hit, McDonald. Struck out by Letch; 2 by Laird. 5 Wild pitch. Laird, 1. Base on balls, Letch 1; Laird, 1. Batteries, Letch and Puls, Laird and Mitchell.

Very respectfully,
H. J. MARKHAM,
Mgr. Montgomery Ball Team.
